More coverage from the same size bag!

A 17.5kg bag of **Gyproc ProSet** will go the same distance as a 22.5kg bag of standard jointing compound. And because of its ability to stay workable for 8 hours you will have less waste.

Gyproc ProSet also has a clever built in early warning system. Its unique formulation changes consistency gradually towards the end of its workable life, allowing you ample time to finish up.

Come and get it - you know you want some.

We want you to experience the amazing benefits of **Gyproc ProSet** and we are offering every person who buys a bag a **FREE t-shirt**. All you need to do is get your hands on a bag of **Gyproc ProSet** and give it a try, you won't be disappointed! Then fill in this form and pass it to a member of staff in your local decorator centre in return for your **FREE t-shirt**.
