**GYPROC**  
PROFESSIONAL TOOLS

## Gyproc Proflex Access Panels

### Quality is our goal

- » Gyproc Proflex Access Panels make access to services quick and easy.
- » Gyproc Proflex are the only access panels supported by **SpecSure®**; British Gypsum's lifetime system warranty.
- » Designed for use in any commercial building including hospitals, schools and hotels.
- » Specially designed to fit seamlessly into British Gypsum framed systems, i.e. panel size 550mm x 550mm to fit between 600mm stud centres.
- » Suitable for Gypframe metal systems and blockwork construction.

The 550mm x 550mm Proflex panel solution for 600mm stud centres

- 1 Studs at 600mm centres
- 2 550mm x 550mm access panels designed to fit between 600mm stud centres

### Excellent service guaranteed:

- **Free of charge** UK delivery to site or to your local branch (for orders above £50)
- **Next working day delivery** on standard panels for orders placed before 2pm
- **10-12 working days delivery** for bespoke panels

### How to choose a Gyproc Proflex bespoke access panel

**1 Where?**

Wall OR Ceiling

**2 What frame?**

- Beaded:** For taping and jointing or skim finish for non-visible frame
- Picture:** Where the supporting construction is already built. Frame visible after installation
- Plaster:** Where the walls are 2 coat plastered

**3 What lock?**

- Budget:** Low level of security
- Tamper-proof:** Medium level of security
- 3 point:** High level of security. Locks to 3 sides
- Touch catch:** No key lock. Push to open

**4 What performance?**

- Non-fire rated
- 60 mins fire rated
- 120 mins fire rated
- Sealed
- Loft
- Tiled door
- Circular
- Double door

**5 What size?**

From: 150mm x 150mm  
To: 1800mm x 2800mm

Please state the hinge side first
