

**THE IDEAL
SOLUTION
FOR UNWANTED
TEXTURE**

Smooth-It

For a fast, clean transformation
to flat walls and ceilings

ARTEX

Artex

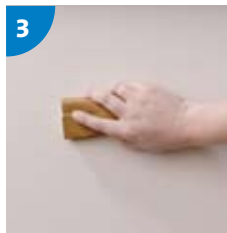

Smooth-It can be applied to textured or damaged walls and ceilings to achieve a perfect smooth surface that is ready to decorate.

Smooth-It Powder

3 Easy Steps

- 1 | Open bag and mix to correct consistency
- 2 | Apply evenly using the smoothing out tool and spatula where necessary (re-apply where the texture pattern requires)
- 3 | Leave for 24–36 hours, depending on atmospheric conditions, to dry white and then paint if required

Smooth-It Ready-Mix

3 Easy Steps

- 1 | Open tub
- 2 | Apply evenly using the smoothing out tool and spatula where necessary (re-apply where the texture pattern requires)
- 3 | Leave for 24–36 hours, depending on atmospheric conditions, to dry white and then paint if required

Features

- Dries in 24–36 hours
- Can be applied directly to painted surfaces
- Dries white
- Available in Powder and Ready-Mix
- High coverage – over 4m² per ready-mix tub 20m² per 25kg bag (coverage is dependent upon texture/pattern)

Benefits

- Complete your project in no time
- No need to prepare the textured wall or ceiling – a real time saving
- For ease of decoration
- Giving greater choice for large and small jobs and any level of experience
- Represents great value-for-money when compared to alternative products
